PROJECTS AND ACTIVITIES

PROJECTS

APPLE STORE   2023
IS027 PROJECT
- A project of fundamental coding website courses at UIT
- My main role: UI/UX design, front-end dev.
- Github: https://github.com/buubuu203/apple-store-is207

ELITE FITNESS   2023
PRODUCT FOR AISC 2023
- Our project served for not only this competition but also be a part of my graduation thesis.
- This project uses machine learning to detect exercises in which a creative point is correct in the exercise for the user and gives out detailed scores and instructions.
- Our team is the 1st runner up in this competition
- Github: https://github.com/thienenpi/EliteFitness
